Career summary so far

Graduate Full-Stack developer with a Bachelor's degree in Information Technology and a strong focus on **backend development**. Skilled in **Java, Spring Boot, .NET Core, Node.js**, and **RESTful API** development. Solid understanding of **OOP, multithreading, and design patterns**, with experience working on real-world projects. Proficient in **MySQL** and **MongoDB** databases. Comfortable with **containerization, AWS cloud services**, and **CI/CD pipelines**. Eager to build innovative backend solutions and contribute to scalable software systems in dynamic development environments.

Education

University of Jaffna

Oct 2022 – July 2025

Bsc in Information Technology

Projects

MCube 🐙 | *Node, Express, Mongodb, React* | [Source](#) 🔗

Mar 2024 – Jun 2024

- **E-Commerce Platform for Clothing** – Built a fully functional e-commerce platform where users can sign up, log in, browse products, add items to their cart, and complete purchases. The platform also includes filtering options to help users find products easily and personalize their shopping experience.

Booking App 🐙 | *Node, Express, Mongodb, React* | [Source](#) 🔗

Jun 2024 – Aug 2024

- **Hotel Booking Platform** – Developed a hotel booking application where users can search for hotels, select dates, and book rooms. The platform includes features like filtering by location, price, and amenities to help users find the perfect stay.

EduLink 🐙 | *Node, Express, Mongodb, React* | [Source](#) 🔗

Oct 2024 – Mar 2025

- **Peer to-Peer Tutoring Platform** – Developed an interactive tutoring platform where students can enroll in available courses, engage with peers through a community messaging system, and request personal or group classes from specific tutors. The platform also includes section quizzes within enrolled courses to enhance learning and track progress.

Technical Skills

- **Frontend** - HTML, CSS, JavaScript, React.js, Redux, Tailwind CSS, Bootstrap, TypeScript
- **Backend** - ASP.NET, .NET Core, C#, Node.js, Express.js, Spring Boot, RESTful APIs
- **Databases** - MongoDB, Mongoose, MySQL,
- **DevOps & Deployment:** Git, GitHub, CI/CD, Jenkins, Docker, Netlify
- **Version Control & Deployment** - Git, GitHub, AWS, Heroku, Vercel, Netlify
- **Testing & Debugging** - Postman, Chrome DevTools, Thunder Client

Certificates
